***Drawings***

The replacement drawings received on May 9, 2002 and April 2, 2004, (sheet 2 of 3), are accepted.

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 15, 16, and 18-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 15, line 9, "said withdrawing mechanism" lacks an antecedent within the claim. Applicant may wish to amend claim 15 so as to present the language at lines 8-11, (language of former claim 17), at the end of claim 15. Line 12 of claim 15 does introduce "a powered dispensing mechanism for withdrawing". As such, Applicant should identify "a powered dispensing mechanism for withdrawing" as --said powered withdrawing mechanism-- or --said powered dispensing mechanism—to avoid any confusion as to what is being referenced.

Claims 15, 16, and 18-20 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Claims 1, 2, and 4-10 are allowed.
